

MARINER

25EFI - 30EFI

BUILD FOR THE LONG RUN

No longer will boaters feel let down by the lack of features on smaller engines because these recently introduced Mariner FourStrokes set new standards for the class. Thanks to the application of new technology, the 25 and 30 EFI are considerably lighter than their predecessors, thereby providing better boat balance and improving handling. With electronic fuel injection providing smoother, cleaner running, these pioneering new small engines also offer improved torque and outstanding fuel economy. As you would expect of Mariner, the pioneering application of EFI in this class brings with it further improved reliability and reduced maintenance, both founded on testing of bigger models.

Features

PERFORMANCE

- Water cooled fuel cooler minimizes vapor lock and hot fuel issues.
- Multi-function tiller handle controls shift, stop, throttle, throttle friction and steering for one hand operation.
- Inherent FourStroke characteristics include quiet, smooth operation and exceptional idling.

5-YEAR WARRANTY

- Five-year limited non-declining, factory-backed. Conditions and exclusions apply.*
Not applicable for commercial and racing applications.
- Two-year limited commercial warranty.†

RUNNING QUALITY

- Sequential EFI independently calibrates the exact amount of fuel needed by each cylinder, for unmatched smoothness, turn-key starting and instantaneous throttle response.
- All models come as standard with a 15 amp/186 watt alternator.

RELIABILITY

- A warning lamp with audio warns the operator of over-rev, low oil pressure or over heat.
- All electric start models feature a manual recoil starter for peace of mind and safety in case of a drained battery.

TECHNOLOGY

- Manual start models feature a 6 amp / 76 watt alternator to keep batteries properly charged.
- Manual recoil starter, even on electric start models.

*Terms & Conditions apply.

†2 Year Government/Commercial Warranty. Terms & Conditions apply. May require extra components. i.e. under cowl hour meter.
